

2018 Transfer Period

Talent Management is pleased to officially open the transfer period from **Monday, March 6** through **Monday, April 30**. You may apply for transfer to another position or school site location during this period. Please remember, if you accept a lateral transfer during this period, it is a commitment for the 2018-19 school year and you will not be considered for other lateral positions.

After the transfer period closes, you are no longer eligible to apply for positions that are considered lateral transfers, but you are still eligible to apply for positions that are considered promotions.
