## SPECIAL EVENTS

CONCERTS - CABARETS - INTERVIEWS

*An Evening with Charles Busch - January, 2018*

The first OutStage@pbd special event was a great success. Charles Busch, celebrated playwright, actor, director, cabaret artist, and drag legend performed to a sold out crowd!

## Compass Community Center

Palm Beach Dramaworks is honored to partner with

Compass Community Center to create a unique and impactful collaborative program.

An annual intergenerational digital storytelling project will kick off in Summer 2018, and is scheduled to perform on October 30 in celebration of LGBTQ History Month. PBD's Education Department will work directly with the Compass Youth Program to launch this project.

In this unprecedented program, Compass youth will interview LGBT elders, gather their life stories, and create short films detailing the lives of these trailblazers. The youth will then write spoken word dialogue about their interview subjects, and finally a live performance at PBD interweaving the digital stories and spoken word will showcase the lives of our community's pioneers. The goals for this project are to build a bridge between the generations, give the youth an opportunity to learn about those who fought for equality, and document our elders struggles and triumphs before they are lost forever.
