Victim/Survivor ID #: _____

Month/Year support services were offered (and used, if any):

Using non-OVW funds, certify if program provided support services to victim/survivor, children and other dependents. Support services should be provided for up to 24 months and follow-up services for up to an additional 3 months after survivor acquires permanent housing. Services must be made available, but are not mandatory for survivors to use. All support and follow-up services must be provided on a **voluntary** basis—a survivor may choose which services to access, if any. All services offered should be survivor-driven, promote social and emotional well-being.

Your agency must guarantee that you will **not engage** in any activities that compromise victim safety and recovery, such as:

- procedures or policies that exclude victims based on their actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, work in the sex industry, or the age and/or sex of their children; and
- promoting procedures that would require victims to see legal sanctions against their abusers.
