

AMBULATORY VETERINARY TECHNICIAN- FLORIDA & NEW YORK

Top level equine veterinary practice seeks motivated, energetic candidate for an ambulatory veterinary technician position. This position is roughly based 6 months out of New York (May - October) and 6 months in Florida (November - April). There is EXTENSIVE travel required with this position to multiple horse shows and out of town clients. Flexibility and willingness to travel is a non-negotiable quality in a candidate. Florida duties may include Wellington and/or Ocala.

Veterinary Technicians at Miller & Associates are given a great deal of responsibility and autonomy. Their roles include scheduling and assisting veterinarians, administering medical and physical therapy treatments, performing lab work, and being intimately involved in inventory management.

Our technicians are an essential feature in every facet of the practice. They work well independently and together as a group. Eligible candidates for this role must be experienced excellent horse handlers, and prior equine veterinary technician experience is STRONGLY preferred.

This is a full-time position with full benefits. Compensation will be commensurate with experience.
