## Saturday – Eliminations and Qualifications

Back by popular demand—It's Semi-Tractor Drag Racing!! You saw it last year and that was AWESOME! There will also be diesel ET Brackets and two Index classes of 6.70 and 7.70. This will be an **ODSS points event for ET, 6.70, and 7.70 classes! Points awarded BOTH days in ET, 6.70, and 7.70 classes!**

**Pro Mod and Pro Dragsters will be qualifying for Sunday's main event. Pro Street will continue with ELIMINATIONS to the semifinals!** Catch the action as diesels spool up the turbo, hit the nitrous, and make a "little" smoke while trying to grab hold of the concrete and wrinkle the asphalt as they thunder down the 1/8th mile.

## Sunday – Main Event

You've waited all year for this! If you missed the Semi-Tractors on Saturday, never fear they are at it again today! It's diesel drag racing action like no other. The ET Bracket, Semi's, and Index classes **compete again** along with the Pro's on the famed 1/8th mile. Pulling trucks may be great but 5,000 lb vehicles accelerating to 140+ MPH in 660' leaving trails of billowing black smoke is **incredible**. It's an afternoon of drag racing action brought to you by the **Outlaw Diesel Super Series**.
