

The Spring Primary typically has low turnout but not this year. What's at stake is who will make decisions on behalf of children in Wisconsin's public schools. Please review the candidates and links below so that you make an informed vote.

Feel free to forward this to your conservative friends throughout Wisconsin.

2/21/2017 Spring Primary

WI Superintendent of Public Instruction - Three candidates - only two will move forward.

You are permitted to vote for two candidates. However, if you vote for only one candidate, you do not dilute the vote selection for the Spring Election.

Here are a few links regarding this important elected position.
