

Seven adults and 3 high school students from St. Mary Magdalene Episcopal Church in Boulder came to St A's on Tuesday evening, June 13.

They were on a four day tour of the borderlands, where they stayed in the HEPAC dormitory in Nogales, Son, visiting with other organizations who are helping people who have been deported from the US. On Wednesday morning they went on a desert hike to experience how it feels to walk in the territory west of Nogales just north of the border.

Fr. Ernie, Dcn. Rodger and Sally met them at lunch at HEPAC, and then, as planned, the visitors drove across the border to St. Andrew's to share our meal and Tuesday evening communion and lectio divina.

This is the church that our winter parishioners David and Leda Hardwick attend. It is a beautiful church. <http://smmboulder.org/>
