

Mark Alanis, MD

UCHealth Maternal-Fetal Medicine
1400 E. Boulder Street
Colorado Springs, CO 80909
p: 719-365-5960
f: 719-365-5977

Dr. Alanis joined the UCHealth Maternal-Fetal Medicine team and will be caring for patients at 1400 E. Boulder in Colorado Springs.

He is excited to be a part of a team-based approach that is centered on excellence, quality, and patient satisfaction. "This highly specialized field of medicine allows me to stay on top of a knowledge base that is ever increasing and then help those patients who find themselves facing challenges in their pregnancy," he said.

His clinical interests include prenatal genetic disorders and diagnosis, prenatal ultrasound diagnosis of complex fetal malformations and syndromes, preterm birth prevention, maternal obesity and obesity-related complications in pregnancy (e.g. diabetes mellitus, metabolic syndrome, etc.), placenta accrete, and high risk maternal medical complications, such as congenital heart disease, type 1 or type 2 diabetes mellitus, chronic kidney disease, hypertension, systemic lupus erythematosus and other autoimmune diseases.

He earned his medical degree from University of Texas Health Science Center, Texas. He completed his residency in Obstetrics and Gynecology at Carolinas Medical Center in Charlotte, North Carolina, and his fellowship in Maternal-Fetal Medicine from the Medical University of South Carolina, Charleston, SC.

Peter earned a bachelor's degree from the University of Nebraska, Medical Center, Omaha, NE.
