

## Please join us February 1-April 16 in the Harvest for Hunger Drive

Did you know that right here in our own community people and families are going hungry? Each year in Northeast and North Central Ohio nearly 750,000 people turn to hunger programs for help. In Second Harvest's service area alone, 43% of those are children, and 11% are elderly. So for the 10th year in a row, Payne Nickles & Company is partnering with Second Harvest Food Bank to help raise food and funds to stock food pantries and soup kitchens in our area. But we need your help!

### What can you do to help?

You can donate money or food. Every \$1 donated can provide four meals. If you would like to donate food, the most needed items are: cereal, peanut butter, canned vegetables, tuna fish and beef stew. Food with an expiration date earlier than the previous year cannot be used. (For guidelines regarding Corporate Food Donations, please contact Kacy Porter at Second Harvest by calling: 440-960-2265, ext. 307)

Thank you in advance for your donation! Each and every donation of food or money is vitally important and will make a huge impact in the life of a hungry person. Please drop off your donations at either of our office locations:
