Selection of oral and poster presentations young scientists in the Conference. will be available to assist participation of becomes available. Some financial support 2017Conference@amap.no send an e-mail to the AMAP Secretariat at If you are interested in participating, please

The Conference will provide a venue for dialogue, and venues where science and knowledge can inform the expert communities ranging from scientists to decision-making. Bringing Knowledge to Action will: Bring together diverse scales providing the foundation for successful adaptation actions. It is these actions that support and enhance all

AGENDA AT A GLANCE

Day 1

1. Science Presentations
2. Stakeholder Presentations
3. Knowledge Presentations
4. Action Presentations
5. Panel Discussions

Day 2

PLENARY

1. Science to input to local/regional
2. Stakeholder
3. Extreme
4. Action
5. Education

PARALLEL SESSIONS
