

Kaiser Permanente Napa Solano Area 2017 Community Benefit Request for Proposals

Introduction

For over 70 years, Kaiser Permanente has been committed to improving the health of our members and the communities we serve. We focus on those areas where we can have the greatest impact, supporting the most pressing and critical health needs in our communities. We recognize that promotion of good health extends beyond the doctor's office and the hospital. Like our approach to medicine, our work in the community takes a prevention-focused, evidence-based approach. To be healthy, people need access to healthy and nutritious food in their neighborhood stores, successful schools, safe parks and playgrounds, and appropriate social services to meet their needs.

Grant Cycle Announcement

Kaiser Permanente is pleased to announce the 2017 Community Benefit Grants Program for the Napa Solano Area, which includes the Vacaville and Vallejo Medical Centers.

The Napa Solano Area grantmaking program supports local non-profit, public health, and human service organizations that improve the health of under-served communities in the Solano County communities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, and Vallejo, and the Napa County communities of American Canyon, Calistoga, Napa, Oakville, Rutherford, St. Helena, and Yountville.

Health Funding Priorities

Every three years the Napa Solano Area conducts an extensive community health needs assessment to identify the health and social needs of our local communities. Our funding priorities for 2017 – 2019 were selected based on the data and community input we received.

Napa Solano Area health funding priorities and strategies are outlined below. These strategies represent the types of projects that will be considered for grant funding. Programs that do not specifically address the health funding priorities and strategies cannot be considered for funding.
