

# Don't Drop it in Alabama

The Chambers County Sheriff's Department along with the Chambers County Solid Waste Office and PALS (People Against a Littered State) are making plans for its 2017 Spring Clean-Up.

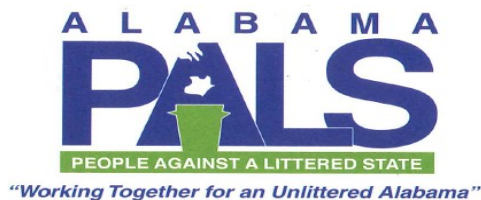

We are looking for businesses, groups, schools, civic organizations, as well as individuals and volunteers to pick up a road or certain areas between **April 15-22, 2017**.

If interested in volunteering for this important event and to make your community or area look better, please contact the Solid Waste Office in Lafayette at 334-864-4332.

The PALS program will be furnishing all the cleanup materials you need for this project.

Arrangements can be made to pick up your bags, once they are filled, by contacting the Solid Waste Office at 334-864-4332 and letting them know your name, address, phone number, and the total number of bags filled and where they are located.

*Thank you in advance for joining forces with us to help keep our state beautiful.*
