

BUSINESS SUMMARY

Carpet & Upholstery Cleaning Business Seacoast Region, NH

Description

Carpet and Upholstery

Whether you want a general cleaning and disinfecting, or an extensive cleaning with deodorizing and Scotchgard® protection, we are here to help. Our carpet cleaning and upholstery cleaning services includes application of a pre-spray, followed by a deep steam clean, pH balancing rinse, as well as individual stain removal. Our company uses modern truck mounted equipment. Only the hoses come into your house, keeping the dirty water and exhaust outside. We dispose of the dirty water in a state-approved manner and location.

Oriental and Area Rugs

With over 22 years of safely cleaning your fine Oriental and area rugs our expertise ensures your treasured possessions are in good hands. As always, there is no charge for pickup and delivery.

Tile and Grout

Stop getting down on your hands and knees to scrub your floors. Our high-pressure system cleans effectively, and extracts the water from your tile and grout. Before the high-pressure process, we apply a pre-spray to your floors
