IS 2016-

Starting From \$928.75*

Save 15%**

Enjoy the luxury of having your Lexus ready and waiting with a comfortable vehicle interior temperature, no matter what the weather is outside. Lexus START+ Long Range Remote Engine Starter enables you to start your Lexus from 800 meters or 2,600 feet away (range can be affected by the surrounding environment). That's the equivalent distance of running two laps around an Olympic-sized track! Lexus START+ also activates your pre-set heating and air conditioning system. It can even turn on your front and rear defoggers. All before you head out the road.
