

Join Engineering For Kids For our Fall Programs

Engineering For Kids brings science, technology, engineering and math (STEM) to kids ages 4-14 in a fun and challenging way through classes, camps, clubs and parties. We are proud to inspire children to build on their natural curiosity by teaching engineering concepts through hands-on learning. Engineering is, after all, one of the fastest growing industries in the world!

Classes at St. Anastasia Catholic School

Registration and Payment for classes held at this location can be taken online at: engineeringforkids.com/lakecounty

Register by 11/2/17 for standard pricing!
