RE: Content of Bisphenol A (BPA) in RD Industries Products

Guided by the principles of Making the World a Safer Place, we are committed to providing a safe and healthy workplace and protecting the environment in the communities where we live.

RD Industries will display leadership in the pursuit of this goal by complying with applicable requirements and applying the best practice to prevent pollution, conserve resources, and by assessing and addressing our risks and impacts. To this end, we will regularly measure, evaluate and document our performance and communicate lessons learned, as we strive for continual improvement.

RD Industries certifies that all products and components used in the formation of parts do not contain, nor are they knowingly produced with BPA.

If you have any additional questions regarding the use of BPA, please contact us at +1.800.759.7090 or sales@rdindustries.com.

Thank you,

RD Industries
