## Kicking off the 2016 Holiday Season... La Foret's Annual Halloween Festival!

La Foret is hosting a local favorite, Black Forest Fall Festival on Monday, October 31, from 5:00 - 8:00 PM. As in the past, this is a very fun and safe event, open to all children and adults free of charge. This year's exciting activities will include trick-or-treating from cabin to cabin, and each cabin is set up in Halloween decoration sponsored by local small business owners. The event will have family-friendly carnival games at the dining hall, which includes the world famous cake walk! Our La Foret kitchen will have a delectable menu of kid-friendly food items such as hot dogs and French fries (for a minimal fee). We will also have our much-anticipated haunted forest hayride! This year, we'll also have a fun scarecrow craft complete with a real live scarecrow to talk to and have pictures taken with. What a cool evening, packed full of community-togetherness and festive excitement.

Last year such fun at our Halloween Festival, and we have some great feedback to improve this year! Our hayride zig-zagged through the dark woods, with surprises around each turn! We will be taking a slightly new approach this year, shortening the route to accommodate all of our guests. So now in a timely manner, guests will still have lots of creepy hauntings throughout the woods, on this hair-raising wagon ride. We don't want to keep guests waiting in a long line during too-long wagon rides. We've applied the feedback from last year to make our event bigger and better!

As always, you may bring canned food items that we so proudly pass along in donation to the Black Forest Cares project.

We would also like to thank our partner sponsors in this community-fun event. Local sponsors include: Black Forest Fire and Rescue, Black Forest Community Church, Father & Son Garage Door, and more supportive local businesses.

## Giving Tuesday

The Tuesday after Thanksgiving has become a very special and symbolic day world wide. It marks the International Day of giving, and aims to kick off the season with a generous and caring heart on a grand (golbal!) scale.

This day of giving was created October 2012, and by 2014 was a world-wide buzz! The holiday season comes with our favorite traditional celebrations, as well as an array of new-age holidays focused on shopping, like Black Friday, and Cyber Monday. Then follows this generous favorite of ours, Giving Tuesday.

The goal is to reach out in generosity on this day: gifts of ones's time, resources, efforts and talents to make our neighborhood, community, or world a better place. Involved in this wide-spread day of sharing are celebrities, large businesses, nonprofits, small business owners, families and individuals team together to give. With hundreds of thousands of people across the globe aiming to make a positive impact- this day is sure to make quite a difference! Last year, over \$117 million was moved globally through donation and charitable efforts...wow! What a difference we all can make, each piece contributing to a grand scale. Its a very amazing effort to become a part of. Make plans for Giving Tuesday, this year it falls on Tuesday, November 29th 2016.

## A Letter From Our Director

This is the time of year every nonprofit organization and church asks you for donations because of the tax advantages for you when giving before the end of the year. We would be irresponsible if we did not ask you to consider a gift to La Foret, yet we would like to do it in a low key way. Your gifts to La Foret allow us to
