A Woodland Wedding Getaway

Happy New Year! It marks a new chapter in our individual book of life. Many would agree, that a wedding creates one of the most memorable chapters of life. If you, a loved one, or an acquaintance of yours is planning a wedding this new year, La Foret may be able to provide the perfect venue for you. Tucked away in Black Forest, and only 20 minutes from the Colorado Springs Airport, La Foret is a quick get-away to a wonderful woodland.

Our outdoor settings are stunning, with options for many tastes. The "Lower Fire Circle" provides tiered seating, leading focus to a wooden cross among the trees. The meadow boasts the backdrop of the forest, with Pikes Peak seen above the treetops. There are many gorgeous, natural outdoor settings here among the towering Ponderosa Pines, that you can find your picturesque wedding setting.

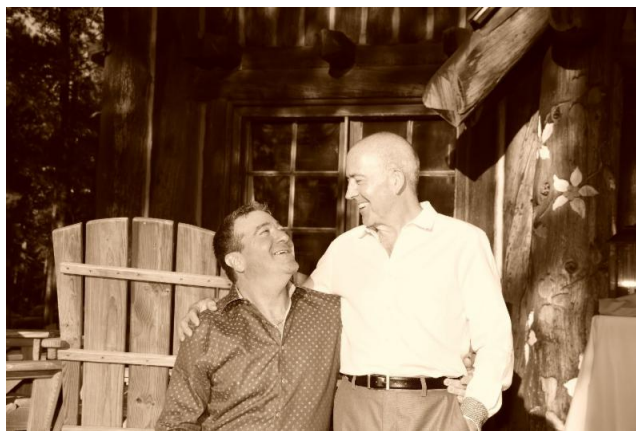

Indoor options for the wedding ceremony and/or the reception are just as lovely and so unique. The Taylor Memorial Chapel is a southwestern-style gem, designed by famous architect John Gaw Meem, and preserved on the National Register of Historic Places. Also protected on the State and National Register of Historic Places is our stunning Ponderosa Lodge. Ponderosa an outstanding, vintage, rustic style setting that will take guests' breath away. Our Inglis Hall provides the largest space, and a great sound system and nice floor for dancing!

Inglis Hall, with a lovely wedding setup

"Many years ago, my marriage ceremony was held at La Foret's Taylor Memorial Chapel. I knew as soon as I saw it that I wanted to be married in this unique building. It was a beautiful venue back then but it is even more beautiful now with the improvements in landscaping, new paint and TLC it has received over the years."

"Thank you from the bottom of our hearts for everything you did to make our wedding weekend just magical! The camp looked the best I've seen it in years and all the communication before and during the weekend was much appreciated."

Even from a state away, now bookkeeping remotely in Utah, Julie fulfills her important duties and connects to each staff member.

We are lucky to have Julie on our staff, and give her a big 'thank-you' for all the efforts and dedication she has for La Foret, and for her contributions in making it a better place for our La Foret team.

"I grew up in Salt Lake City and graduated from University of Utah, where I attended on a gymnastics scholarship. I gained my bookkeeping experience working for a coal mine in Montana, a citrus farm in California and a school district & a dental consultant in Colorado.

I have three children and three grandchildren. I enjoy biking, hiking and DIY projects. I am happy to be working at La Foret Conference and Retreat Center. M-a-n-y years ago, I was even married at La Foret's Taylor Memorial Chapel. I knew as soon as I saw it that I wanted to be married in this unique building. It was a beautiful venue back then but it is even more beautiful now with the improvements in landscaping, new paint and TLC it has received over the years.

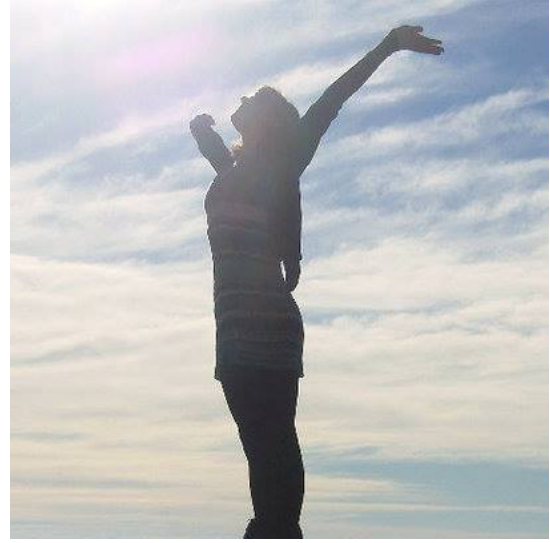

With life changes, I moved back to Utah, and I am so blessed to continue doing bookkeeping for La Foret. I can work remotely thanks to the marvels of computer technology and the willingness of the rest of the La Foret staff to make it work."
