

Miss Kellie

Kellie Andre started working for MC Studio in August 2015 as our office assistant. She has been with the studio since 2013, when her oldest child started preschool, and has been a big part of our Smudged fundraiser from the beginning. She is just the next in line of family members working at a school, following her mother & grandmother who were both library aides in the Berkshire School District.

She is a 2001 graduate of Berkshire High School, and received her Associates degree in Accounting. She currently lives in Burton with her husband, Adam, and 3 children, Aidan, Jakob & Harper.

Favorites : crafts & sewing, coffee, the color purple and anything chocolate!
