

## Miss Jayne

---

Jayne Sickafoose, our curriculum manager/education coordinator and one of our head preschool teachers, is a well-known Burton-ite! A graduate of North High School in Eastlake, she ventured out this direction after marrying her husband, Gary, and raised their children just around the corner from the studio.

She has an extensive background in the preschool/daycare setting, most recently as running the preschool out of Burton Congregational Church.

She holds her Associates of Applied Science degree in Early Child Education, as well as an Associates of Arts degree from Lakeland Community College.

When she isn't busy with all things 'MC Studio', she runs concessions at the Berkshire High School football field and serves on Junior Fair board for the Great Geauga County Fair. When that isn't taking up her free time, she spends as much time with her family as she can.

Favorites : color red, all things Disney and chocolate!
