

Miss Paige

Paige Zombory started with our studio in January 2018. She is a 2017 graduate of Chardon High School, where she ran track & field and cross country (so we know she can keep up with these kids!). She was also a professional baton twirler for 10 years.

She is currently attending Lakeland Community College, studying human services, in hopes of finding a career in a Human Resources field.

You'll see Miss Paige at the studio on Tuesday & Thursday afternoons, usually working with the school-agers. On the days she is not here, she works for the Chardon school latchkey program.

In her spare time, she enjoys boating with her family and spending time with her dog, Penny.
