

Miss Stephanie

Stephanie Kaplan, a Burton native, was brought back to her hometown roots in the fall of 2016, securing her position at MC Studio as our afternoon preschool teacher. After graduating from Berkshire High School, she obtained her Associates of Arts degree from Lakeland Community College. While working as a mid-day aide & transportation aide for autistic children with the Berkshire Local School district, she changed her major, and earned her Bachelor's degree in psychology from Cleveland State University. She is currently re-enrolling in school to obtain her Master's degree in psychology, with the intent to obtain her PhD.

Besides working for Berkshire schools, she held the typical teenage job of baby-sitting for many local families, helping at the preschool at Burton Congregational Church (which her mom, Miss Jayne, ran for many years), working at Bellefaire JCB as an after school group therapist, director of an infant daycare center in Aurora, and most recently, an educational aide to a special needs student in the Garfield Heights City school district.

Miss Stephanie is currently our afternoon preschool teacher, our parent communication specialist, and also uses her psychology background to assist the children's needs.

She currently resides in Middlefield with her husband, Kyle, daughter, Cecelia, and dog Daisy Mae.
