

POND Scholarship Application

GOAL – To help promote and increase the involvement of emerging professionals in Colorado’s water resources community, two student scholarships will be awarded to attend the Colorado Water Congress’ Annual Convention in Denver (January 24-26, 2018).

SCHOLARSHIP DETAILS – Awarded scholarships include conference registration and lodging. The selected applicants will be responsible for transportation to/from the conference as well as meals.

APPLICANT QUALIFICATIONS – Applicant must meet the following criteria:

- Enrollment as a student in an undergraduate, Masters, or PhD degree program focusing on hydrology, engineering, water law, water-resources policy or planning, environmental science or other topics related to water resources in Colorado.

APPLICATION – Please include the following in your application:

1. The information on the following page filled out in full
2. Answers to the short-answer questions. The answers for both question must be typed and less than 1 page single spaced (total).
3. Resume (1 page)

Failure to include all three components will result in an incomplete application.

DEADLINE – All applications must be received by December 15, 2017. Email complete applications to Logan Callihan at logan.callihan@denverwater.org.

QUESTIONS? Please contact Logan Callihan (303.628.6239, logan.callihan@denverwater.org) with any questions.

Information about the annual conference is available on-line at <http://www.cowatercongress.org/annual-convention.html>.
