

SAINT BRIGID OF KILDARE SCHOOL

Seeking Grace and Wisdom

Our Preschool

Where children are treasured, nurtured and celebrated

Our Philosophy: We create a Catholic environment where all kinds of learners succeed. Our classrooms are flexible—allowing us the freedom to tailor instruction and creative play for each student. Given the enormous variation among children of the same age, curriculum, teaching and interactions with children are as individualized as possible. Our teachers get to know each child in their class well. Responding to each child's unique needs is fundamental to ensuring our children are confident, happy and engaged young learners preparing for kindergarten.
