Construction Project

If you’ve driven past the Delaware Area Career Center on SR 23, you’ve probably noticed a few changes to our south campus. Here are five facts about the DACC construction project:

**Opening Day**
- Both campuses will still be in use during the 2018/2019 school year. The facility will be officially open for the 2019/2020 school year. We hope you will join us for an open house celebration when the time comes!

**Programs**
- The new facility will hold approximately 26 high school programs for a yearly projected average of 1,000 students. During evenings & weekends, hundreds of adult students will be able to utilize the facilities for continuing education.

**North Campus**
- The north campus has been purchased by Delaware County & they will take possession after staff & students have moved out.

**Size**
- Once completed, the DACC facility will be approximately 250,000 square feet.

**Cost Efficiency**
- The consolidated campus is the most efficient use of our taxpayer dollars by decreasing costs in the areas of busing, duplicated services, energy usage, maintenance, and more.

**Upcoming Classes**

**EMT (Emergency Medical Technician)**
**Next Class Begins: January 23, 2019**
- The Emergency Medical Technician (EMT) Training Program consists of 176 hours of classroom and hands-on training regarding all aspects of the job duties of an emergency medical technician. This course meets or exceeds the EMT National Standard and state of Ohio EMT curriculums.

**Firefighting I & II)**
**Next Class Begins: January 8, 2019**
- This course consists of 297 hours of classroom and hands-on training covering all aspects of firefighting including live fire training. This course meets and exceeds the NFPA 1001 Standards of fire training and leads to the highest level of fire certification in the State of Ohio including “Pro-Board Certification”.

**Ohio Peace Officer Training Academy**
**Next Class Begins: March 6, 2019**
- The training program meets all requirements of the Ohio Peace Officer Training Council (OPOTC). This program is mandated by the state of Ohio to allow its graduates to serve as commissioned peace officers in the state. Successful completion of this program will allow the individual to receive the basic police officer certificate upon appointment to a law enforcement agency.

**Welding I (Introduction)**
**Next Class Begins: November 26, 2019**
- Learn the current welding processes and welding safety in a 21 hour hands-on class and be able to produce welds using Gas Metal Arc Welding (MIG) and Shielded Metal Arc Welding (Stick).
Featured Instructor

Rod Glazer became the DACC Commander/Coordinator in partnership with the Delaware County Sheriff’s Office for the Law Enforcement and Ohio Basic Peace Officer Training Academy in 2017. Prior to coming to DACC, Rod spent 24 1/2 years with the Delaware City Police Department. He worked within the patrol division as well as a school resource officer. Rod also served 6 years in the Army and Army Reserve as a Military Policeman. Upon leaving the military he took a job as a Stark County Corrections Officer. Rod eventually found his way to Washington D.C. where he accepted a position in the United States Secret Service. He was assigned to the Russian and Israeli Embassy prior to assuming protective detail for Vice President Dan Quayle. Rod enjoys giving back and this has led him to his current role today. He works in collaboration with DACC and the Delaware County Sheriff’s Office as the Commander of Law Enforcement Training and Development. Rod enjoys working with deadlines and meeting the expectations of the Ohio Attorney General’s Office. He likes to see his students develop an understanding when they come into the Academy with little background knowledge related to Law Enforcement. Rod wants to see the curriculum develop into more hands-on training situations. He would also like to work with the general public to change the perception of police officers with the hopes of recruiting and developing well-prepared cadets.

Featured Student

Colton Miller is in our Ohio Basic Peace Officer Training Academy and a graduate of Buckeye Valley Schools. He entered the Army upon graduation and spent 4 years in the Airborne Infantry. Upon leaving the military he enrolled at The Ohio State University where he completed his Bachelor’s Degree in Environmental and Natural Resources. He’s an avid enthusiast for the outdoors and felt he could use his degree along with his OPOTA and military training to pursue employment as a Game Warden or with a local police department. He decided to attend the academy at DACC because of the reputation and connections we share with the Delaware County Sheriff’s Office. He believes the instructors have fully prepared the class to handle the mental and physical rigors of employment within the law enforcement industry. He hopes to one day work with the Delaware Tactical Unit but until then hopes to serve his community.

Institutional Advisory Committee

DACC would like to thank those individuals listed below who have volunteered their time to be a part of our Institutional Advisory Committee. The purpose of the committee is to provide consultative assistance to DACC so that we can strive to meet the occupational education needs of our community. Please contact the Director of Adult Education if you would like to join the committee.

Bill Bussey, Paul Craft, Tina Diggs, Stacia Edwards, John Fox, Sean Hughes, Bob Lamb, Jason Lambert, Steve Lipster, Andy Maciejewski, Tanya McCarthy, Russell Martin, Harry Pape, Holly Quaine, Jerry Stewart, David Wiseman
Congratulations to our 47th Ohio Basic Peace Officer Academy Graduates. On Wednesday, October 17th, 14 Cadets were recognized at the ceremony. Thank you to Commander Rod Glazer, Chief David Wiseman, Mary Beth Freeman (DACC Superintendent/Welcome Speaker), Deputy Todd Woolum (Keynote Speaker), and Sheriff Russell Martin (Closing Remarks) for being a part of this special day. DACC would also like to thank all of the families and guests for supporting the cadets through the program as they prepare to be the next generation of Law Enforcement Officers.
