## ADULT EDUCATION

In an effort to address industry needs for qualified and certified law enforcement officers, DACC is extremely excited to announce that we are now able to offer students in our Ohio Basic Peace Officer Training Program an option to help pay for the cost of tuition. DACC is able to offer students a loan developed in partnership with the Ohio Department of Higher Education and Ohio Means Jobs. The Ohio Means Jobs Workforce Development Loan Program was created to promote and encourage Ohio's workforce development and job growth through educational training and retraining in programs related to employment opportunities in growing fields.

**Jordan Bittner**

## Featured Student

Jordan Bittner is currently enrolled in our Firefighter I & II program. Jordan worked as a Pharmacy Technician for 7 years prior to beginning his pursuit to become a Firefighter. Jordan recently completed his Paramedic license and is currently working for Springfield Township and the Crestline Fire Department as a Paramedic Firefighter. Jordan enrolled in the DACC Fire Program upon the recommendation of friends and colleagues. Jordan speaks highly of the diverse instructor base as they come from numerous departments with multiple specialties. He likes the fact his instructors go beyond the books and break down all the practical skills necessary to perform the job. Right now Jordan is trying to balance work and studying as well as preparing for upcoming interviews. He eventually would like to broaden his education and become a Rescue Tech. or possibly work for a local Bomb Squad.
