

Working to reduce the burden of diabetes in New Mexico

OUR MISSION

To provide and advocate for culturally-sensitive professional development for the multi-disciplinary health care professional community in order to improve the quality of diabetes prevention and care in New Mexico.

As a not-for-profit organization, the New Mexico Diabetes Advisory Council (NMDAC) serves in an advisory capacity to the health care professional community of:

- Dietitians, Nutritionists
- Nurses, Nurse Practitioners,
- Physicians Assistants
- Promotoras, Community
- Health Workers
- Health Educators, Fitness Technicians
- Social Workers
- Pharmacists, PharmDs
- Physicians
- Representatives from clinics, pueblos, tribes, educational institutions, and other partners

2017 Membership Program

Professional \$50

This membership is offered to a healthcare professional who has an interest in the development, delivery, or administration of diabetes education, prevention, and care or who is involved in diabetes research.

Para-Professional \$30

This membership level is available to para - professionals, promotoras, community health workers, retired healthcare workers, and healthcare students/trainees with an interest in diabetes prevention, education, care, and research.

Organizational Partner \$125

This level allows up to five (5) designated members of the organization to participate as full members.

Sustaining Partner \$500

This level allows for five (5) designated members for the company and to have an info table at each event.

Benefits of Membership

Networking, mentoring and information sharing with other health care professionals who are making a difference in the lives of those with diabetes.

Annual Professional and Para-Professional Membership includes:

- No fee for admission to each NMDAC educational session, which includes lunch
- Opportunity to apply for Continuing Education Units during each program (may include CME, CDR, CHES, ACPE)
- Priority on stand-by list when sessions reach capacity
- Opportunity to vote in elections and on NMDAC matters
- Special "NMDAC Member" name tag at each meeting

Organizational Partner benefits also include:

- Up to five designated members (savings of up to \$125)
- Recognition of organization/company on NMDAC website

Sustaining Partner benefits also include:

- Up to five designated members
- Opportunity to have an information table at each meeting
- Recognition of organization/company at each meeting, in event promotional e-mails, and on NMDAC website

*Help further our
mission and
educational outreach*

Consider serving on one of our committees:

- **Program Development:** Determine the education sessions for each year, including securing speakers. Committee members should also be available to help with logistics during each meeting.
- **Membership:** Recruit new members and organizations/companies to become part of NMDAC. Assist in ensuring member benefits are fulfilled.
- **Partnerships & Community Outreach:** Identify opportunities to partner with other organizations to boost diabetes awareness. Duties include attending partner events as a NMDAC representative and helping with advocacy.
- **NMDAC Board:** Help lead NMDAC to further its mission in the coming years!
