The **current** Entry - Finished SQFT field will automatically be mapped to the **new** Entry - Above Grade Finished SQFT field. Listings with a Below Grade Entry - Finished will need to be manually updated.

Plus 2 new calculated fields will be added:

- 1. Total Above Grade Finished Square Footage**
- 2. Grand Total Attached Square Footage = total of ALL fields EXCEPT the Detached field**

Definition of Above and Below Grade Square Footage: Above grade square footage (finished) is required for all listings. "Above grade" is defined as that part of the dwelling that is ENTIRELY above ground level. "Below grade" is defined as the area that is ALL or PARTLY below ground level.
