

Reach Our Youth

a mentoring program

What is Reach Our Youth (ROY)?

Reach Our Youth is a one-to-one mentoring program throughout Huron County that matches volunteers with troubled youth who're in need of a good role model & extra friend.

ROY also has periodic group activities that both the matches and youth on the waiting list can attend!

Reach Our Youth needs Volunteers Mentors!

Anyone over the age of 16 and who has a passion for changing the life of a child is welcome to volunteer! You'll need to fill out an application (available on our website or office) and make a 6-month commitment to spending consistent time with your mentee. Call 419-663-2525 for more info.

What difference does a Volunteer Mentor make?

In a study done by Mentor.com, it was found that mentored youth are 46% less likely to start using drugs and 55% more likely to enroll in college. It's no secret there's a large drug problem in our community and what we want for our youth is to be educated and contributing positively to our community. Just two hours a week can make that difference.
