

## Turning Southern Style – Spouse Craft Activities

### Room CII and III

We have set aside an area for spouses and guests which will be open during the entire symposium. There will be several free craft projects for you to complete individually. If you want to complete projects as part of a more structured group, Donna Hartline will be coordinating the following scheduled activities. A nominal fee to cover the cost of materials is required for these scheduled activities. You can sign up when you get to the symposium. Of course, you can also just come and hang out or have a cup of coffee.
