

So....what happened to DYAO at Halftime?

Nothing shady or bad, I assure you. When we moved to Halftime, the owner and I had the discussion that the concrete floor could be a problem but we decided to give it a shot. And, we did. We were at Halftime for 12 Mondays. But, the concrete floor began taking it's toll on our dancers.

It's not bad for beginner dancers because there aren't as many turns and difficult moves in beginner dances....so I hope to continue doing Beginner Dance Nights at Halftime.

However, for our experienced dancers, the floor proved to be more and more difficult. A couple of dancers were actually injured.

When the opportunity to move to Timothy's was presented to us, we just couldn't look away from that opportunity. A large, wooden floor in a gorgeous venue and with FOOD (not having food was something that dancers had complained about at both Bank Shots and Halftime) was just too perfect.

So we will be at Timothy's every 1st, 3rd and 4th Mondays of the month. They have Paint Night on the 2nd Monday. I hope to have a Beginner Dance night on the 2nd Monday of the month starting in May....so keep your eyes open for that info!!
