

Healthy Trees, Healthy Communities

Project Forester - ReLeaf Michigan

ReLeaf Michigan is looking for an individual well versed in tree species and selection for a large scale tree planting project. This is a temporary position starting in August and ending upon completion of the tree planting project and wrap up paperwork, most likely the end of October, 2017. Must be available during the work week to meet with community personnel and on one Saturday when the planting will take place. Applicant must be a self starter and have:

- Strong verbal and written communication skills
- Strong organization skills
- Strong computer skills including familiarity with google docs.

Job is paid on an hourly basis. Mileage is paid at the current governmental rate.

Send resume to Melinda Jones at mjones@ReLeafMichigan.org or email for more details.
