

Ms. Dix serves as the Technology Transfer (T2) Agreements Administrator within the Chief Technology Office at Naval Surface Warfare Center, Crane Division (NSWC Crane). Her role includes engaging private industry, academia, and state and local government on a wide variety of T2 programs. Activities include technology commercialization efforts, local and regional outreach, and the negotiation and execution of variety of partnership mechanisms that are available to the T2 office.

Ms. Dix also serves as the Deputy Regional Coordinator for the Mid-West Region of the Federal Laboratory Consortium for Technology Transfer (FLC). In this role, Ms. Dix assists labs throughout the MW region in achieving their T2 goals, and works on a national level to enhance T2 throughout the network of federal laboratories.

Ms. Dix has a bachelor's degree in Public Administration, a Graduate Certificate in Public Management and is currently pursuing a Master's in Public Administration, all from Indiana University's School of Public and Environmental Affairs (SPEA).
