### Sense-Able Baby **4-18 months**

A multi-sensory class designed for babies and their favorite grown-up (moms, dads, grandparents, etc.). Each class will include music making, story time, and a messy edible experience. We will sing, laugh, play, and have a great time! We are ABLE to do so much with our SENSES!

Wednesday 10:00 am—10:45 am

### Sense-Able Play **18 months—3 years**

Sense-Able Play encourages older toddlers and preschoolers to learn and play using a multi-sensory approach. Each class will feature a theme that is explored through music with singing, dancing and playing instruments, story time, and a “Messy” art activity using different materials to create each time. We are ABLE to do so much with our SENSES!
