We would also like to thank all Attendees at the conference & one day event and received very positive feedback regarding the presentations and the events overall!

We partnered with the Hertel Report leadership for the Provider and Health Plan Relationships on the Path to Accountable Care one day event and will continue to partner on future events. We are also partnering with Arizona MGMA on networking and educational events. This will continue to help us to align health plans, physician practice groups, health systems, and other providers/market segments during this time of healthcare consolidation.

Look for more information on these upcoming exciting events!
