

THE ABC INSURANCE TRUST IS WORKING FOR YOU!

The ABC Insurance Trust is the leading group benefits purchasing resource for ABC members. Throughout our 60-year history, the program has developed innovative products and services that focus on the unique needs of construction companies. The Trust continues to work exclusively for ABC member contractors — and we can offer your firm exceptional service and employee benefits that can help you attract and retain a skilled workforce with a competitively priced program.

Oversight

ABC member contractors from across the country serve as trustees. As fiduciaries, they provide financial oversight and assure the Trust operates in the best interest of all participating firms — including yours.

Services

The Trust now serves more than 500 construction firms. We offer an array of group insurance plans and services that can be customized to fit your needs. The program represents more than 60 insurance carriers, giving your company access to the most competitive rates available. The Trust also offers a range of proprietary benefits — only available to ABC members — that include dental coverage, short- and long-term disability income protection, vision plans, and life insurance.

Support

Our staff of professionals is committed to providing ABC member contractors with the best value. We can ease your administrative burden, eliminating much of the hassle related to managing a group insurance program. Smaller firms appreciate our commitment to provide personalized attention, and large firms rely on us for multi-state capabilities. Our team of insurance experts will work with you to design a cost-effective program that will help

your company attract, retain, and reward employees — contributing to a more productive workforce and a more profitable firm.

Advantages

You can count on the ABC Insurance Trust to work with your firm to provide a variety of resources and ease the administrative burden in the often complicated employee benefits arena.
