

## **Flyers Energy, LLC**

With over 600 profit centers in cardlock, wholesale fuels, lubricants, transportation, supply and renewable energy, Flyers Energy is one of the largest independent marketers on the West coast. Additionally, we are proud to be one of few marketing leaders committed to the development and growth of renewable energy technologies such as solar, ethanol and biodiesel.

### **Ken Dwelle**

#### **Chief Operating Officer**

Flyers Energy, LLC

2003 – Present

Ken Dwelle graduated from Sacramento State, married his college sweetheart, and joined the US Air Force as a fighter pilot, flying the F-16 and later the Stealth Fighter. He flew with United Airlines before coming to work in the growing family business in 2003. Ken has completed ground-up restorations on two vintage warbirds and piloted one of them to first place in the silver category at the Reno Air Races.

As COO of Flyers Energy, Ken drives the company direction in providing Commercial and Wholesale fuel and lubricants throughout California, Nevada and Arizona. In addition, he works closely with the CFO and CEO to provide strategic focus and business sector alignment consistent with the company's mission, goals and core values. His previous engagements at Flyers include Transportation, Supply, Human Resources, Training and Retail Operations.
