

Resident's Choice

Employee of the Month

Paul Bakun

With an always ready smile, it's not surprising that Paul was chosen this month! He has won us ALL over with not just his caregiving skills, but his compassion, his beautiful singing voice & his prowess on the piano!

Paul was born in Belarus, in the city of Minsk, and moved to America with his family on Valentine's Day in 2003. He has traveled extensively, including a 6 month bicycling tour of his country at age 14 and credits that tour with his coming to Christ. "We went from village to village & listened to the stories of the people, especially the elders. The whys & how their lives ended up as they did". "I found those that had faith were happier in their decisions and life choices, and decided that is how I wanted to live my life".

Paul is married and has a beautiful 11 month old daughter named Milana, who is the apple of his eye and is already following in his footsteps playing piano and singing with her daddy.

When asked about his hobbies, Paul answered, "Learning. We should always be learning something new".

Thank you for ALWAYS going the

EXTRA mile!
