

Resident's Choice

Employee of the Month

Kevin Boitz

Born and raised in Oregon, Kevin came to The Park as an assistant to our maintenance department. He has not only made our environment more beautiful but his kindness and gentle nature has also captured our hearts.

Kevin began in the construction business out of high school, (once even working on a movie set!), and he has also built farming equipment as well as being a farmer.

Married, with two adult children and two grandkids, Kevin's hobbies still include growing vegetables on his property and cultivating wildflowers.

Thank you for ALWAYS going the

EXTRA mile!
