

Resident's Choice

Employee of the Month

Christina Owens

Christina started in the kitchen here at Sherwood Park and took the CAN class and we couldn't be luckier! She has been here for 2 years in December and has hopes of being a nurse in the future. She has 4 children, ages 8,4,3 and 1! Her life outside of work revolves around her kids, but Christina does love all kinds of music and has goals of traveling the world and visiting New York. Christina became a CNA because she likes to help others and be somebody to someone who may not have anyone.

Christina goes above and beyond for the residents and you will always see her working hard and always with a positive attitude and a smile.

**Thank you for ALWAYS going the
EXTRA mile!**
