Residency Cover Sheet

Residency applications will be reviewed by a selection committee made up of Steel Yard staff and practicing artists. Selection is merit-based and diverse considerations may include an applicant's area of expertise, the quality of work-samples, the timing of the residency in relations to an applicants career as well as the demonstrated desire to be part of a shared industrial arts facility. This strategy is designed to meet the Steel Yard's mission to support artists in developing their independent practices and professional studios. It is the policy of the Steel Yard that there shall be no discrimination with respect to selection of the artist in residence because of race, color, sexual orientation, religion, national origin, gender, age, physical limitations or military status.

Name: _____ Telephone: _____

Address: _____

City: _____ State/Zip: _____
