Medical Home Plus (MHP) is a nonprofit organization that works to help families of children with special needs successfully navigate the system of care and find the opportunities available to them on behalf of their children. MHP spends one-on-one time listening to the issues the family is experiencing, helping to brainstorm answers, making connections to relevant resources, and providing emotional support. MHP never turns a family away; regardless of their child’s diagnosis or the family’s ability to pay. **There is no cost to families for MHP’s services.** This is made possible by generous community support from our friends, like you!

For more information, please visit us at **www.medhomeplus.org**.

All proceeds of this fundraiser will directly support the families that MHP serves!

Thank you for your support!
