## MEMBER NEWS BRIEFS

• **Delaney Computer Services, Inc.** has recently moved to its new home on Corporate Drive in Mahwah, N.J. Although the move was only ten minutes down the road, owners felt that Northern NJ has more to offer in the way of businesses that fit their service model. Moving to the heart of Bergen County, New Jersey, CTO and Founder Richard Delaney is exceptionally excited for the opportunities that have been uncovered in the first month of being in their new office space.

"The new office has helped promote new business opportunities and offered a boost in moral to employees who were rather cramped in our old offices," says Delaney.

Delaney Computer Services provides outsourced proactive management of information technology for small and medium sized businesses in Northern NJ and NY. DCS serves clients in financial, legal, healthcare, manufacturing, civil engineering as well as several other vertical markets. The company currently has locations in Manhattan and Boca Raton, Florida as well as our Mahwah, New Jersey headquarters. Delaney has worked with businesses with as little as 5 employees and some that have 5,000, providing services to such companies as Mountain Creek Resorts, Turner Construction and Resorts World International. For more information, please visit <http://www.dcsny.com>. Contact us at [sales@dcsny.com](mailto:sales@dcsny.com) or via telephone 201-669-4300.

• **R&D Legal Bookkeeping** has expanded its bookkeeping and training services in North Jersey and the Hudson Valley by moving to a larger, more modern facility, completed in October 2016. The new space is more accessible and offers increased space for private and group training, including R&D's highly sought after 3-hour QuickBooks training course.

The training program, designed by R&D Founder and QuickBooks ProAdvisor Rochelle DeJong, focuses on helping small business owners instill best practices into their accounting strategies to increase efficiency and drive profits. Included in the coursework are the 21 most common QuickBooks mistakes that hinder company performance.

R&D Legal Bookkeeping helps small to medium sized businesses of all types organize and manage their finances efficiently—positively impacting their bottom line.

• **West Bergen Mental Healthcare** has earned Best Practices recognition for Overall Services and Outpatient Mental Health in the 2016 Mental Health Corporation of America's (MHCA) National Survey.

## MRCC Celebrates 60 Years of Service

At MRCC's Annual Luncheon, Sharon Rounds, Executive Director announced that the Mahwah Regional Chamber of Commerce is celebrating its 60th Anniversary throughout 2017. Attendees at the luncheon enjoyed a historical display showing our growth over the years. This display will be available again at our Holiday Luncheon on December 8th.

### MEMBER NEWS BRIEFS *continued*

"I am really grateful and excited about being able to join the leadership team with Lee, Nolan and Koroghlian, LLC. It is a real privilege to be a part of one of the premier firms in the financial services industry, and I greatly look forward to helping them take the office to higher levels of growth" said Jones.

As Agency Managing Director at Lee, Nolan & Koroghlian, LLC, Jones is responsible for recruiting, training, and developing new advisors to the firm. He is a member of the National Association of Insurance and Financial Advisors and the General Agents and Managers Association. He is also a soccer official with the US Soccer Federation.

Lee, Nolan & Koroghlian, LLC's main office is in Saddle Brook, NJ and they have locations in Garden City, Midtown, and Lakewood, NJ. The firm was established in 1991 and serves the insurance and financial planning needs of families and businesses in the greater New Jersey/New York area.

• Maria C. Plucinsky, CPA, a Director (Owner) of Bergen County-based CPA firm **Hunter Group CPA LLC** was honored as a "Trailblazing Woman in Labor and Business" by the Fair Lawn Mayor

and Council. The proclamation, presented at the March regular borough council meeting by Mayor John Cosgrove and fellow council members, celebrates Women's History Month and represents the Borough's participation in the National Women's History Project's 2017 theme honoring trailblazing women in labor and business.

In honoring Maria Plucinsky, Mr. Cosgrove recognized her many business and civic achievements, including rising to the position of owner in a leading northern New Jersey CPA firm, a profession that is, as Mr. Cosgrove suggests, "Still predominantly a male-dominant environment." In addition, he noted her nonprofit financial expertise, which has positively benefited the Fair Lawn Community Center as well as several other local nonprofit entities.

"The firm is very proud of Maria and delighted to see this important recognition of her work," said Hunter Group co-managing director Kevin Hansen, CPA. "She continues to serve as a key member of our management team as well as a mentor to the young staff and other emerging leaders in our profession," Hansen states.

## MEMBER SPOTLIGHT

**Horizon Landscape** held their First Annual Orientation meeting on March 31st to kickoff the 2017 season. Attended by new and seasoned employees as well as Sales and Production Managers, the meeting was a perfect ice breaker where all attendees came together under one roof to gain a common understanding of the objectives and the priorities of the company. Employees were trained in defensive driving, safety, and software tablets. With advancing technology, Horizon is focusing on being environmentally responsible and going paperless, reducing our carbon footprint with software tablets for each crew. Later, the employees separated according to their departments: Landscape, Maintenance, and Irrigation/Lighting for specific training according to industry standards and service procedures. Celebrating our 42nd year in business with over 50 employees, we are looking forward to the growth of the company with new as well as committed employees who have been here for over 30 years. Horizon Landscape is also raising the bar in competitive employee programs with bonuses and incentives to keep company morale high and employees motivated. They have been members of MRCC since 2011.
