

Improvements Underway at Lane Chapel

Thanks to the fundraising efforts of the Alabama Officers Club DAR, Nan Roberts Lane Chapel on the KDS campus is undergoing some much needed improvements.

The front walk and patio, as well as the sidewalks leading to the side-door entrances, are being completely renovated. Years of deterioration and damage from tree roots rendered the stone walkways hazardous. New stone walks will be sloped for better drainage and accessibility purposes.

Work is also being done on the Chapel's stair railings. Newell posts were added to make the railings more stable and safer for visitors.

Additional improvements are planned for the near future. Please stop by and visit Lane Chapel to see first-hand how the AOC continues to work at maintaining this beautiful facility.
