## **Good luck to all Spring Student Athletes**

# Welcome to The Jungle

Prospective Student Athlete:

My name is Jared Mazzetta I am the Head Coach Football coach at North Hunterdon Regional High School. The purpose of this letter is two-fold. First, I would like to offer some more information about our football program. Second, I am challenging and encouraging you to become a **member** of the North Hunterdon Football programs.

## **The North Hunterdon Brand: "The Hard Hat Way".**

The hard hat is symbolic of a blue-collar work ethic, it's about going out and earning success and deserving victory, whatever it is, whether it's on the field or off the field. This is our belief system! Will you buy in? That is the question.

## **What are the Benefits of Playing Football?**

The game of football is a journey that you will remember the rest of your life. The game teaches you self-discipline, accountability, respect, hard work, how to believe in yourself and be a member of a team. Along the journey you will find enjoyment in accomplishing goals/dreams and a desire to compete at the best of your ability and beyond. You will face many challenges; you will learn how to meet these challenges head on and how to defeat them.

## **Why you?**

**Because you are the foundation and we want YOU!** The North Hunterdon freshmen Football Program is looking for the right individuals that are willing to buy into the "Brand" of the North Hunterdon football program. Become the athlete that the fans cheer for, not the person in the stands doing the cheering. The life lessons that you take away from participating and competing in the game of football will last a lifetime. Buy in, succeed, and believe in what the game has to offer and enjoy the journey. For the past three years, we have worked tirelessly in the pursuit of building a great tradition. **Win games, break records, play in front of the biggest crowds, look the best and potentially play in college**
