## Embracing the Soul of the World

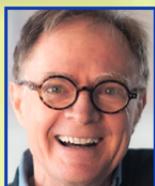

131<sup>st</sup> Summer National Convention | July 14–18, 2017

the THEOSOPHICAL  
SOCIETY  
in America

Nature is alive.  
Nature is conscious.  
These truths are  
fundamental  
concepts in the  
perennial Wisdom  
Tradition. They have  
been known for  
millennia. But in  
recent times, we  
have lost touch  
with them.

How can we  
revitalize our  
relationship with  
the living universe?  
How can we  
foster a spiritual  
ecology within  
ourselves and  
in our world?  
Join our speakers in  
exploring these  
vital topics.
