Savannah River Operations Office

EDUCATORS OF THE CSRA

JOIN US FOR THE 2017 SUMMER TREAT Workshop (Teaching Radiation, Energy, And Technology)

University of South Carolina – Aiken Campus
471 University Parkway
Aiken, SC 29801

8:00 A.M. until Noon
Wednesday, July 12 – Friday, July 14, 2017

The goal of this workshop is to provide education, training, and experimental opportunities for the Central Savannah River Area school teachers. The focus will be on training and involvement of participants in learning about environmental radiation. The workshop will include classroom lectures and laboratory hands on exercises. Participants will develop activities and study units for utilization in their class rooms. Upon successful completion of the workshop participants will be eligible for five (5) Staff Development Credits.

A grant from the U. S. Department of Energy on Environmental Radiation and Community Awareness is funding this workshop. *Attendance is required for all 3 days; participants will receive a Certificate of Completion and a \$350.00 stipend.*

The instructors are Dr. Kenneth S. Sajwan, Professor and Director of the Environmental Science Program, Savannah State University; the Savannah River Site, the Environmental Protection Agency, and the South Carolina Department of Health and Environmental Control.

Interested candidates should contact Rev. Brendolyn Jenkins Boseman, Executive Director, The Imani Group, Inc., iginc2015@gmail.com or 803-226-4452. You are welcome to leave a message.

Participants are invited to a guided tour of the Savannah River Site on Thursday, July 13th after the workshop session. You will have to provide your own transportation to and from the site. More information will be made available to workshop registrants.
