

Greater Bothell Chamber of Commerce Member of the Month:

Every month, the Greater Bothell Chamber of Commerce honors an outstanding community member for their effort and impact on the community. The GBCC proudly announces Uncle Peteza's Pizza as March's member of the month. Uncle Pete has been an active and influential member of the Bothell community since 1991. He and his wife Sidonia relocated from Colorado into Bothell with a vision to establish a Pizza Restaurant. They brought in a unique brand of family oriented service and delicious pizza.

One theme surrounds Uncle Peteza's Pizza restaurant, Family. Family pictures are proudly displayed in the dining room of his restaurant. He enjoys spending his time off with his grandkids and is dedicated to his family. He built his restaurant alongside his wife and is thankful for her support. During their first 6 months she worked alongside him without taking any days off. Since then they have worked tirelessly to develop their brand of pizza and in 2012 opened their second location. Uncle Peteza's dedication to his family and his craft empowered him to appoint his daughter as the manager of their second location. They are a true definition of a family business.

Uncle Peteza enjoys offering his pizza to help multiple community events. 21 years ago, he began dropping off pizza to the local parks during recreational sporting events. 21 years later, the local adolescents can still expect Uncle Peteza to deliver them warm and cheesy pizza during their game. He is involved in the school's PTA events and is committed to the local schools. During the school's sporting events, Uncle Peteza provides them with delicious pizza to sell during their fundraising campaigns. His dedication to the schools and community of Bothell is greatly appreciated.

Next time your stomach is growling visit their website at unclepetezas.net or be sure to stop in at either location.
