A Message From Our President and CEO

TIFT REGIONAL HEALTH SYSTEM (TRHS) is dedicated to the seamless delivery of quality medical services for South Central Georgia. This means providing everything a patient may need within the same continuum, including primary care, diagnostic services, acute care, surgical specialties, cancer care, cardiovascular services, geriatric psychiatric care and more. It also means providing community health education, wellness programs and outreach activities to enhance the quality of life for area residents.

We're justifiably proud of our history, but we also recognize that healthcare is changing dramatically. TRHS not only continues its tradition of excellence but also seeks out new courses in caring for our neighbors. We stand at the forefront of population health management, clinical integration and patient centered medical homes.

One thing that will never change is the commitment, skill and benevolence of our people. Our devoted team of medical professionals and support staff strive to always put patients first. Thank you for making TRHS the hospital system of choice. Wishing you good health always.

Sincerely,

WILLIAM T. RICHARDSON, FACHE
President/CEO

People

IT'S OUR PEOPLE WHO MAKE IT WORK

Cutting-edge technology and modern facilities are important, but Tift Regional Health System's greatest asset is its people. Employees who are more engaged mean patients who are more satisfied.

Service

Answering a Higher Calling

For many, healthcare is not just a job. It's a passion. It goes beyond technical skills. It means showing patients empathy, sensitivity, kindness and warmth.

WHITNEY CHUNG, RN

WILLIAM GUEST, MD
Senior Vice President and Chief Medical Officer
2016 Exceptional Physician Award Winner

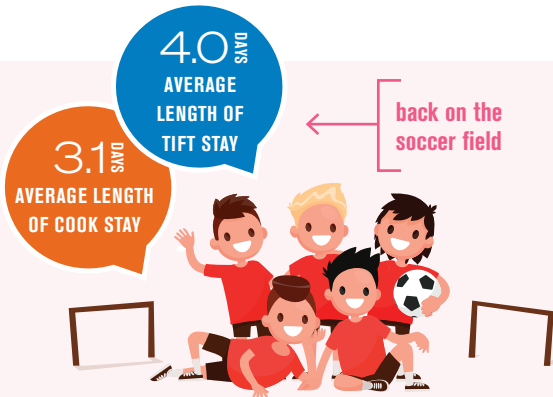

THE SUPPORT SYSTEM

You can't have direct patient care without support services. Those services range from insurance-approval processing to cleaning, linen supply, food services, patient transport, computer support, registration and more. What is the most important skill required of all? Compassion.

TRANSFORMING HEALTHCARE DELIVERY

TRHS is dedicated to healthcare transformation, leading the way in population health management and clinical integration. Tift Regional Physician Group is also championing the Patient Centered Medical Home (PCMH) through three clinics. PCMH is a model of care coordinated by the primary care physician office, where healthcare professionals work as a team to provide care that is individually determined to meet each patient's specific need. As such, the practice becomes the patient's "home" for preventive, chronic and ambulatory care.

COMMUNITY SPIRIT

Tift Regional Health System's Community Spirit program contributes to the well-being and development of our community through outreach efforts, including free preventative health education, support groups, screenings, wellness programs and organizational contributions. Input is solicited from various community voices in order best address public health needs. The Tree of Life Project raises monies each year to benefit TRHS hospice and cancer patients with special needs. Visit www.tiftregional.com or call 229-353-6318 for more information.

Tift Regional & the YMCA: Partners in Community Health

In a unique collaboration, the Tiftarea YMCA and the Tift Regional Community Events Center share a building facility in Tifton at 1657 Carpenter Road. The Tiftarea YMCA offers a range of health, exercise and fitness services. Visit www.tiftareaymca.org or call 229-391-9622 for more information. The events center is operated by Tift Regional for educational seminars, screenings and other wellness events.

TRHS EMPLOYEES GIVE BACK

As part of leadership training, TRHS managers divided into eight groups in November 2016 and participated in various community service projects. Activities included enhancements to community centers, playgrounds and schools as well as assisting shut-in residents, volunteering at a pet shelter and purchasing needed items for local denizens under financial constraints.

Each year, TRHS employees raise funds and participate in activities benefitting area organizations such as Ruth's Cottage & The Patticake House, United Way of South Central Georgia, the Cancer Coalition of South Georgia, the TRMC Foundation, the Cook County Boys and Girls Club and more.

Tift Regional Medical Center Foundation

The Tift Regional Medical Center Foundation is a not-for-profit organization dedicated to enriching healthcare in our community through fundraising, medical equipment donations, building project assistance, patient experience enhancements, medical scholarships and more. Please call 229-391-3310 for more information or visit trmcf.com.

Growth

Taking Information Technology to the Next Level

To enhance patient care and quality, we have to get the right information, to the right people, at the right time. Cerner Millennium and Infor Lawson are innovative information technology systems which will revolutionize how we share clinical and business data. TRHS will go live with these new systems in 2017.

A rendering of Tift Regional's new \$22 million Musculoskeletal Center at the West Campus, currently under construction.

HERE WE GROW AGAIN

In 2016, TRHS completed a multi-million dollar expansion of the Anita Stewart Oncology Center. TRHS will also be embarking on new capital expansion projects over the next few years. This includes a new musculoskeletal center at the TRMC West Campus, a new emergency center and patient tower at the TRMC main campus and a replacement facility for Cook Medical Center and Cook Senior Living.

AFFINITY PHYSICIANS FOR WOMEN

**FOR EVERY PHASE
OF A WOMAN'S LIFE**

When it comes to women's health, it's important to see your actual OB/GYN physician at every visit. Dr. Shannon Price, Dr. Bishara Baddour and Dr. Rana Khalek with

Affinity Physicians for Women offer maternity care, 4D ultrasound, gynecologic surgery, wellness checks and more.

Learn more at www.AffinityWomen.com or call 229-391-4130.

SOUTH GEORGIA SURGICAL

TAKE CHARGE OF YOUR THYROID CONDITION

About 20 million Americans—more of them women than men—are affected by a thyroid disease or disorder. In fact, an estimated one-in-eight women will develop a thyroid disorder at some time in her life. The good news is that these problems can be treated. The experts at South Georgia Surgical specialize in thyroid biopsies and thyroidectomy procedures.

Learn more at www.TiftRegional.com/SGASurgical or call 229-382-9733.

TIFT REGIONAL JOINT REPLACEMENT AND SPINE CARE CENTER

STOP LIVING WITH JOINT OR SPINE PAIN

Have you been dealing with chronic knee, hip or spine pain? If conservative measures have not been effective, it may be time to consider surgery. With expert orthopedic providers, the Tift Regional Joint Replacement and Spine Care Center offers the specialized treatment you need. This unique program is recognized as a Blue Distinction Center for Knee and Hip Replacement by Blue Cross Blue Shield of Georgia.

Learn more at www.TRMCOrtho.com or call 229-353-BONE (2663).

SYLVIA BARR CENTER

HELPING SENIORS FIND THEIR WAY BACK

When a senior's emotional problems become disruptive and significantly affect his or her ability to care for basic personal needs, an increased level of care may be needed.

The Sylvia Barr Center is

a specialized inpatient unit at Cook Medical Center providing treatment for conditions such as depression, anxiety, unresolved grief, dementia, Alzheimer's disease and other mental health issues.

Learn more at www.TiftRegional.com/SylviaBarrCenter or call 229-896-8100.

TIFT REGIONAL VASCULAR

GETTING YOU BACK INTO THE FLOW

Approximately eight million people in the U.S. have Peripheral Arterial Disease (PAD), a circulation disorder that restricts blood vessels outside the heart and brain. The classic symptom of PAD is pain or cramps in the legs while walking. If you think you may be suffering from PAD, make an appointment

with vascular specialist Dr. William Kaiser at Tift Regional Vascular.

Learn more at www.TiftRegional.com/Vascular or call 229-353-CATH (2284).
