

Private aviation
travel management
made easy

What is FlightBridge?

FlightBridge is the only *online booking and communication tool* completely tailored to private aviation. FBOs and aircraft operators now have *one website* to book and manage rental cars, hotels, catering, limousines, and FBO services.

The Problem...

Booking and managing services for private aviation can be inefficient and time-consuming.

FBOs, Pilots, Schedulers, Dispatchers, and Crew spend *a lot of time*...

**On the
Phone**

On Hold

**Sorting
Paper**

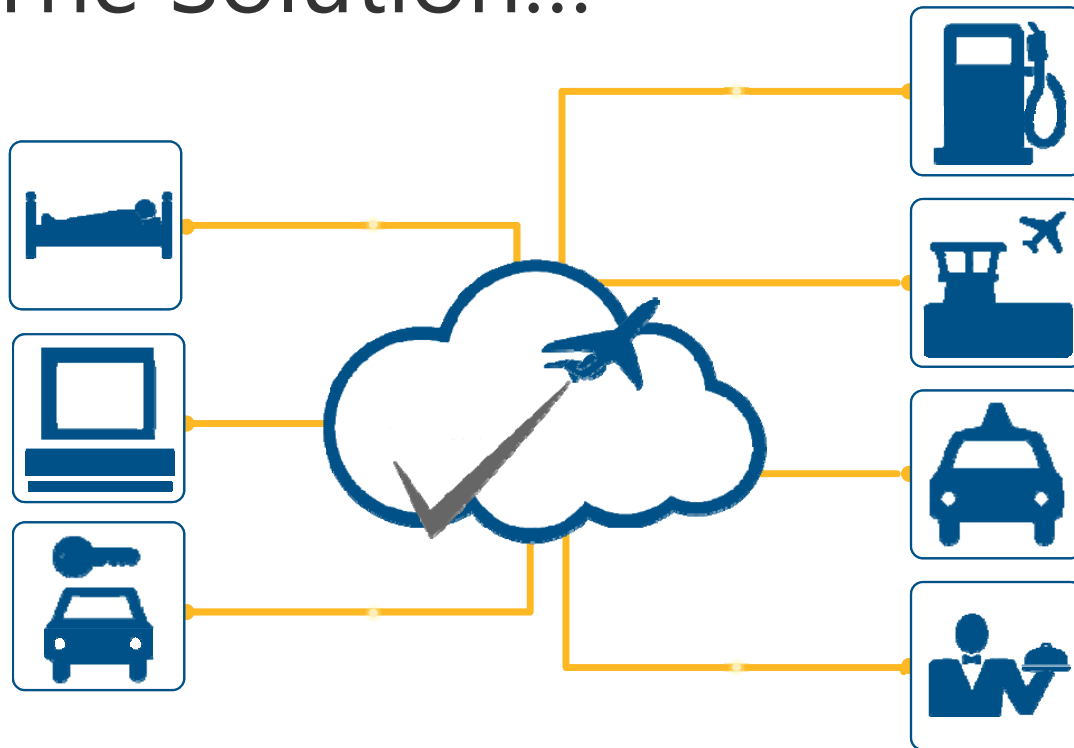

**Searching
Emails**

**Searching
Websites**

Trips change constantly...requiring *more time* on cancellations, updates and re-booking.

The Solution...

Work more efficiently...
FlightBridge creates time to
focus on high touch
customer service and
management tasks.

Save time... online bookings, changes, one-click cancellations, checklists and more...

How FlightBridge Works...

FlightBridge connects directly to hotel and rental car reservation systems.

The system provides access to FBO and corporate negotiated rates.

Access to
100,000 hotels worldwide

Hotel Bookings

Vehicle Rentals

View availability, pricing, and receive instant confirmation numbers when booking.

How FlightBridge Works...

Request limousines, catering and FBO services and receive confirmations electronically.

**FBO Arrival
Notifications and
Service Requests**

**Limousine
Requests**

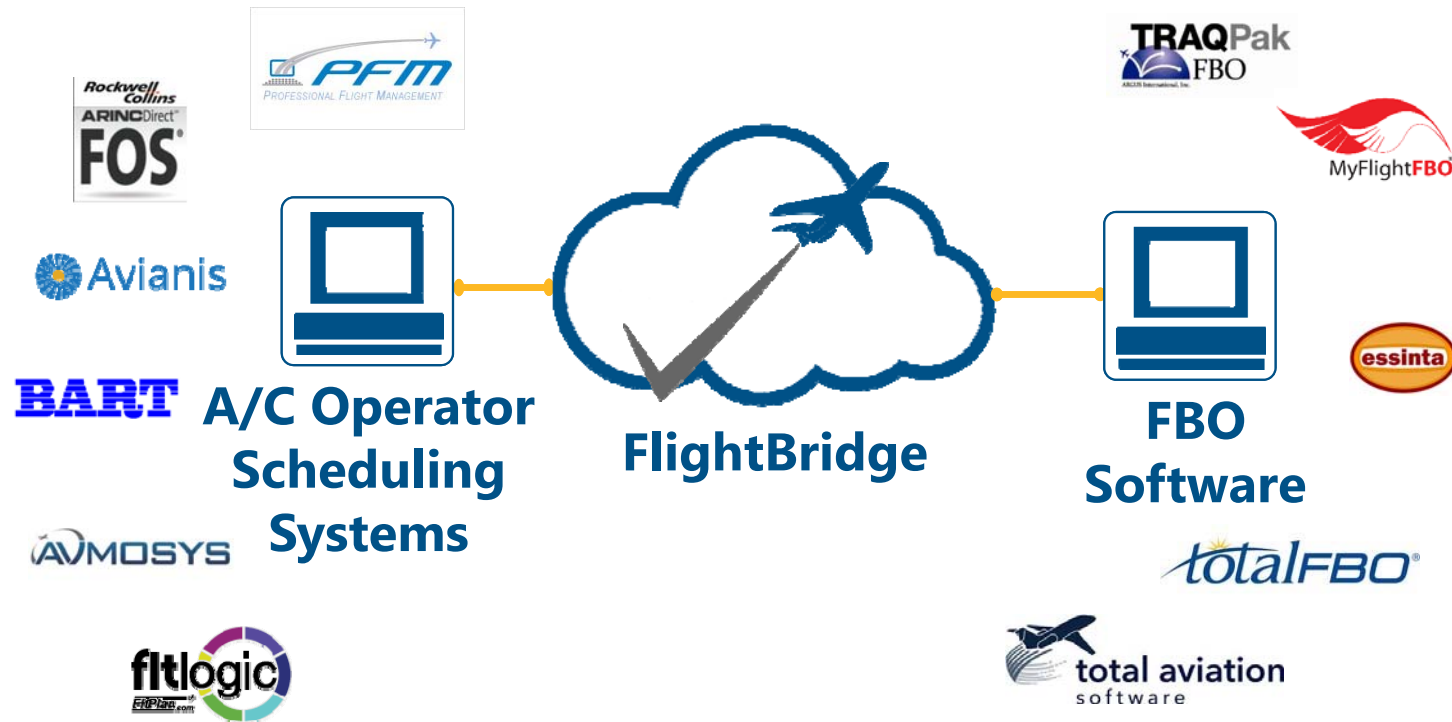

**Catering
Requests**

Your preferred providers receive notifications, and provide confirmations electronically.

Integrated – “Bridge” data between systems

FlightBridge integrates with A/C Operators scheduling software and FBO software allowing data to flow between Aircraft Operator's systems and the FBOs systems without re-keying.

No re-keying trip details and customer profile information. Schedule changes update automatically.

Benefits to Aircraft Operators

✓ Save time

- Online reservations bring one-stop convenience to the complex private aviation travel planning process
- Integration with flight scheduling system provides automatic, smart alerts when trip changes occur
- Easy one-click cancellations and online re-booking
- Less time on telephone and email saves hours/week

✓ Increase efficiency

- Self-service online booking with access to FBO rates/preferred vendors and operator negotiated rates
- Send consolidated trip details and electronic arrival notifications to FBOs
- Increase travel policy compliance if desired through use of online booking tool
- Enhance ability to track and reschedule crew and passengers if necessary

Benefits to Aircraft Operators (continued)

Save money

- Capture previously unavailable data for reporting, trend analysis and negotiation purposes
- Increase visibility into travel spend - cost control through reporting analysis

Reduce Errors

- No rekeying or transcription errors.
- Alerts and checklists ensure nothing slips through the cracks.

Enhance Customer Service

- Send convenient, up-to-date, consolidated trip itineraries to designated recipients: pilot, crew, passengers, executive administrator
- Intuitive and optimized for users
- Mobile app, text alerts, and calendar entry alerts provide choice of communication

FlightBridge... Secure and Private

Your customer information is secure with FlightBridge. Only relevant information is shared with the service providers you select. You are in control of when a name is provided for hotel, car rental, and lead passenger name for ground transportation. No other party can access any of your data.

**Private
information**

**Sharing on a
Need-to-know
basis**

Access by secure login only. You control customer privacy.

Sample of FBOs using FlightBridge to book for their customers

Testimonials

"FlightBridge is a one-stop shop solution for managing private aviation trip logistics, so it's an important channel for us to be in as we look to accelerate growth."

The Avis logo is displayed in a large, bold, red sans-serif font. A registered trademark symbol (®) is located at the top right of the word.

- Stephen Wright
Vice President of Global Travel and Partnerships, Avis Budget Group

"Travelers using private aviation appreciate speed and convenience. Through our partnership with FlightBridge, we offer our mutual customers another option to easily reserve Hertz car rentals at any FBO location they choose."

The Hertz logo features the word "Hertz" in a bold, italicized, yellow sans-serif font with a black outline. Below it, the word "Hertz" is repeated in a smaller, black, italicized sans-serif font.

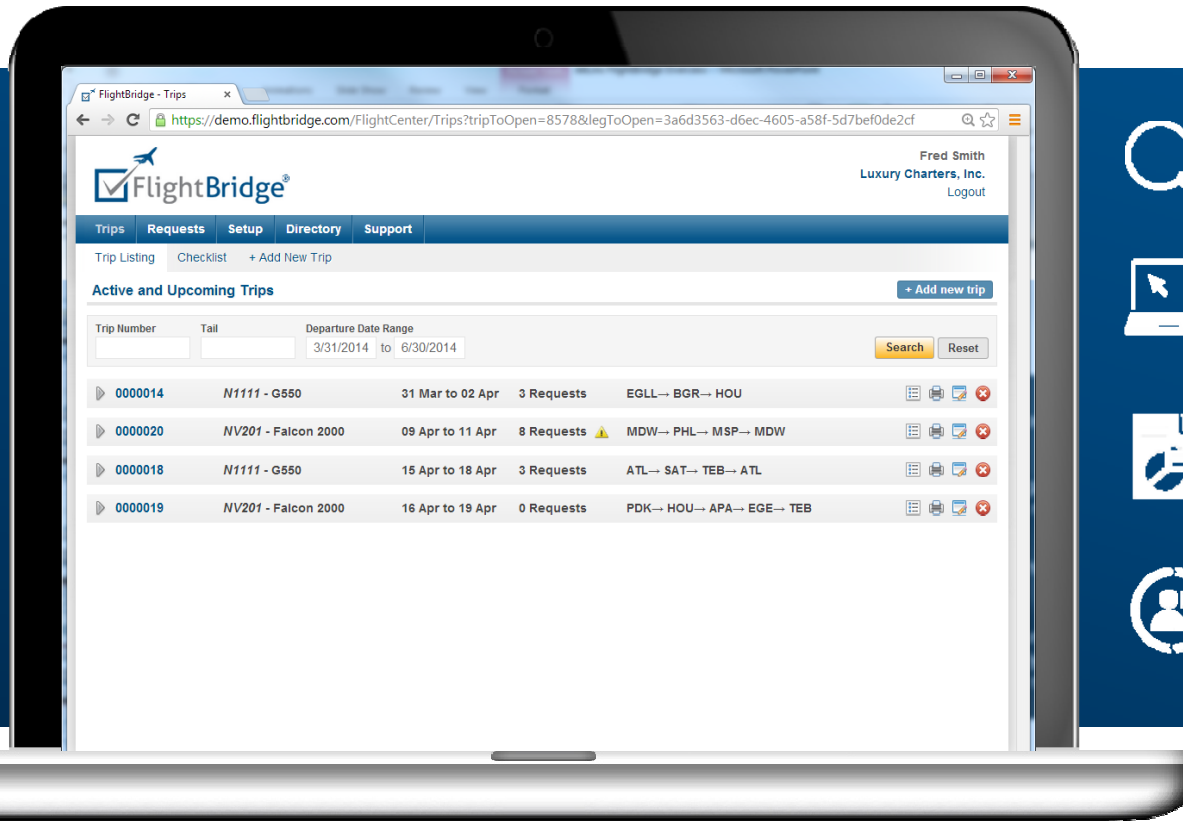

- Mark P. Frissora
Hertz Chairman and Chief Executive Officer

"Flightbridge is an ideal partner for Enterprise and National. Flightbridge espouses one of our founding values in every interaction with a passenger, pilot, crewmember or FBO staff member - Customer Service is our way of life. From a seamless booking experience to follow-through to insure timely and accurately delivery of the rental car, Flightbridge goes above and beyond to fulfill on that customer service commitment to our mutual customers."

- Brad Gray
FBO Business Sales, Enterprise Holdings

FlightBridge for Aircraft Operators

Trips synchronized from your trip system.

Bookings organized by leg. Alerts displayed when trip changes require service changes.

Transaction history can be used for reporting and analysis

Built-in Pax and Crew Profiles – system retains and automatically uses preferences and rental car and hotel loyalty numbers.

Legs and Booking Details

The screenshot displays the FlightBridge interface for a trip with three legs. The top navigation bar shows the trip ID 0000020, aircraft NV201 - Falcon 2000, dates 09 Apr to 11 Apr, 10 Requests, and the route MDW → PHL → MSP → MDW. The first leg, Leg 1: MDW → PHL, shows departure on Wed, 09 Apr 2014 at 11:15. It lists two requests: FBO (Atlantic Aviation, Not Created, Not Scheduled) and Catering (Aviation Services Network, New, Confirmed). The second leg, Leg 2: PHL → MSP, shows departure on Thu, 10 Apr 2014 at 13:30. It lists two requests: Catering (Village Catering, New, Confirmed) and FBO (Signature Flight Support, New, Acknowledged). The third leg, Leg 3: MSP → MDW, shows departure on Fri, 11 Apr 2014 at 11:15. It lists two requests: Hotel (Minneapolis Airport Marriott, New, Confirmed) and Limousine (Savoya, New, Confirmed). Each request has an 'Actions' column with 'Edit' or 'Cancel' links. Alerts for 'Leg Date/Time Changed' are visible for the second and third legs.

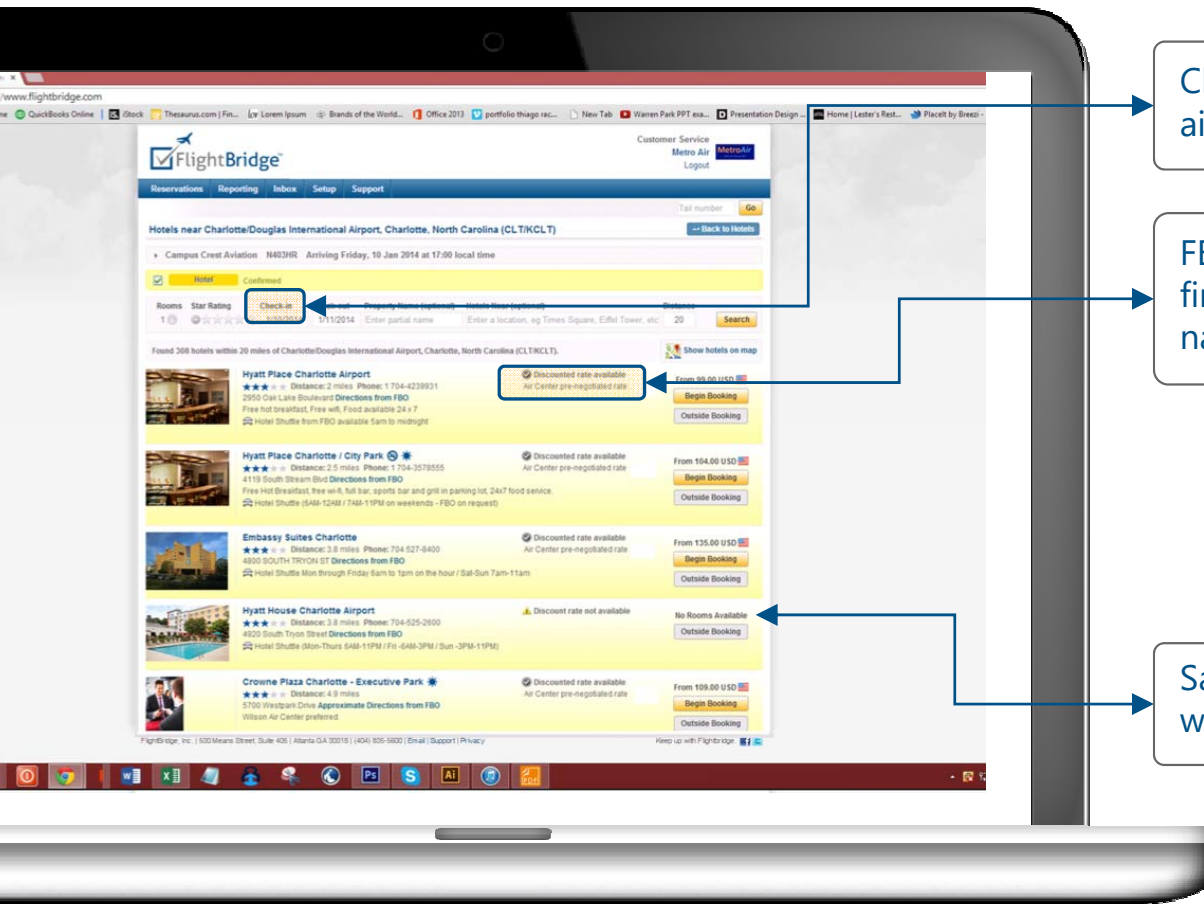

Leg	Request Type	Provider	Request Status	Fulfillment Status	Request	Actions
Leg 1: MDW → PHL	FBO	Atlantic Aviation	Not Created	Not Scheduled		Create
	Catering	Aviation Services Network	New	Confirmed	234231-1	Edit
Leg 2: PHL → MSP	FBO	Signature Flight Support	New	Acknowledged	JRF-00494	Edit
	Catering	Village Catering	New	Confirmed	42231	Edit Cancel
	Hotel	Minneapolis Airport Marriott	New	Confirmed	82910888 Brown, Sam	Edit
	Hotel	Minneapolis Airport Marriott	New	Confirmed	82910889 Tanner, Bill	Edit
	Limousine	Savoya	New	Confirmed	312312-1	Edit Cancel
	FBO	Signature Flight Support	New	Acknowledged	JRF-00494	Edit
Leg 3: MSP → MDW	Hotel	Minneapolis Airport Marriott	New	Confirmed	82910888 Brown, Sam	Edit
	Limousine	Savoya	New	Confirmed	312312-1	Edit Cancel

View bookings and confirmations of all types in one place.

FlightBridge detects and alerts where trip changes require modifications or cancellations to existing bookings.

Make modifications or cancellations with a few clicks.

Easy Hotel Bookings

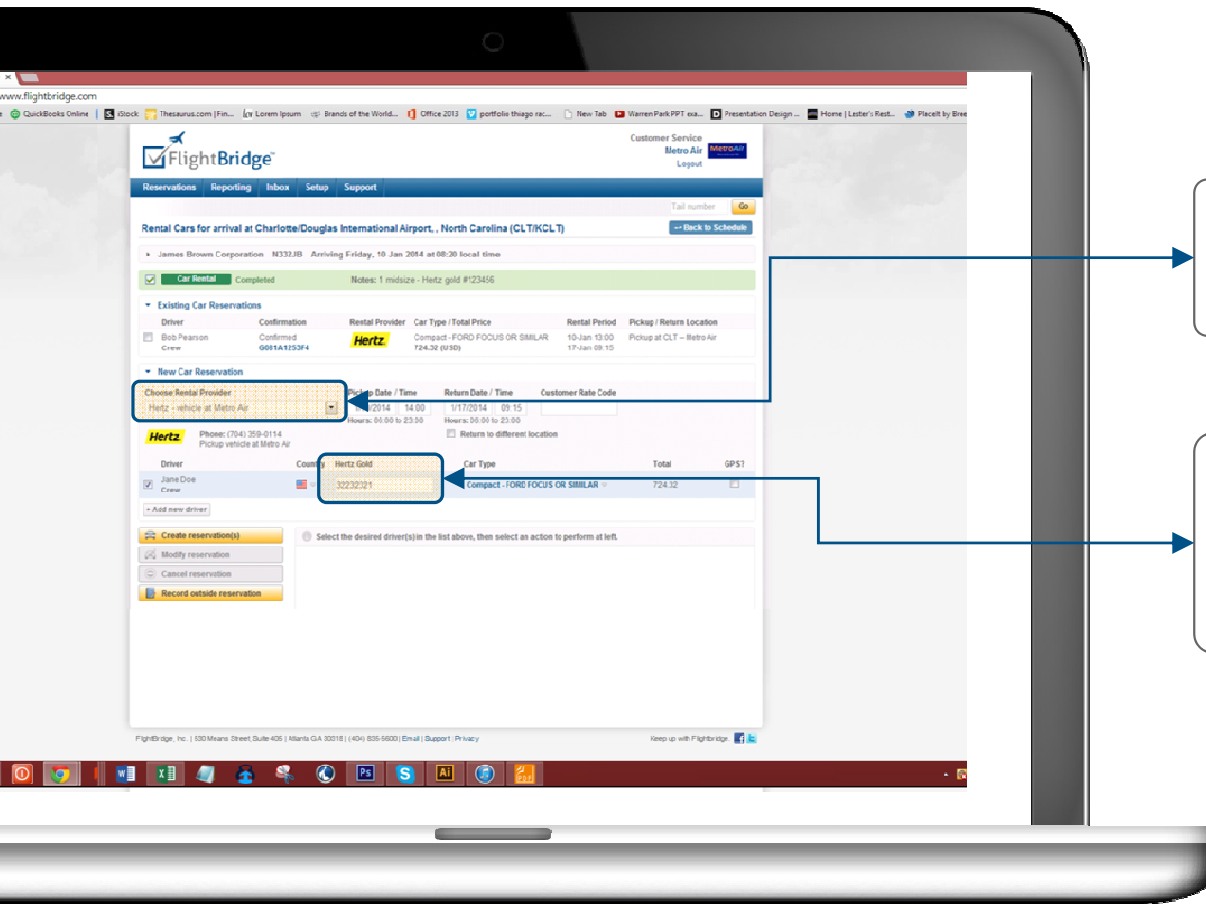

Check-in and check-out set automatically based on aircraft arrival and departure.

FBO or corporate preferred hotels and rates displayed first. But system allows searching for any hotel by name or location.

Save time - all availability is visible and ready to book within FlightBridge.

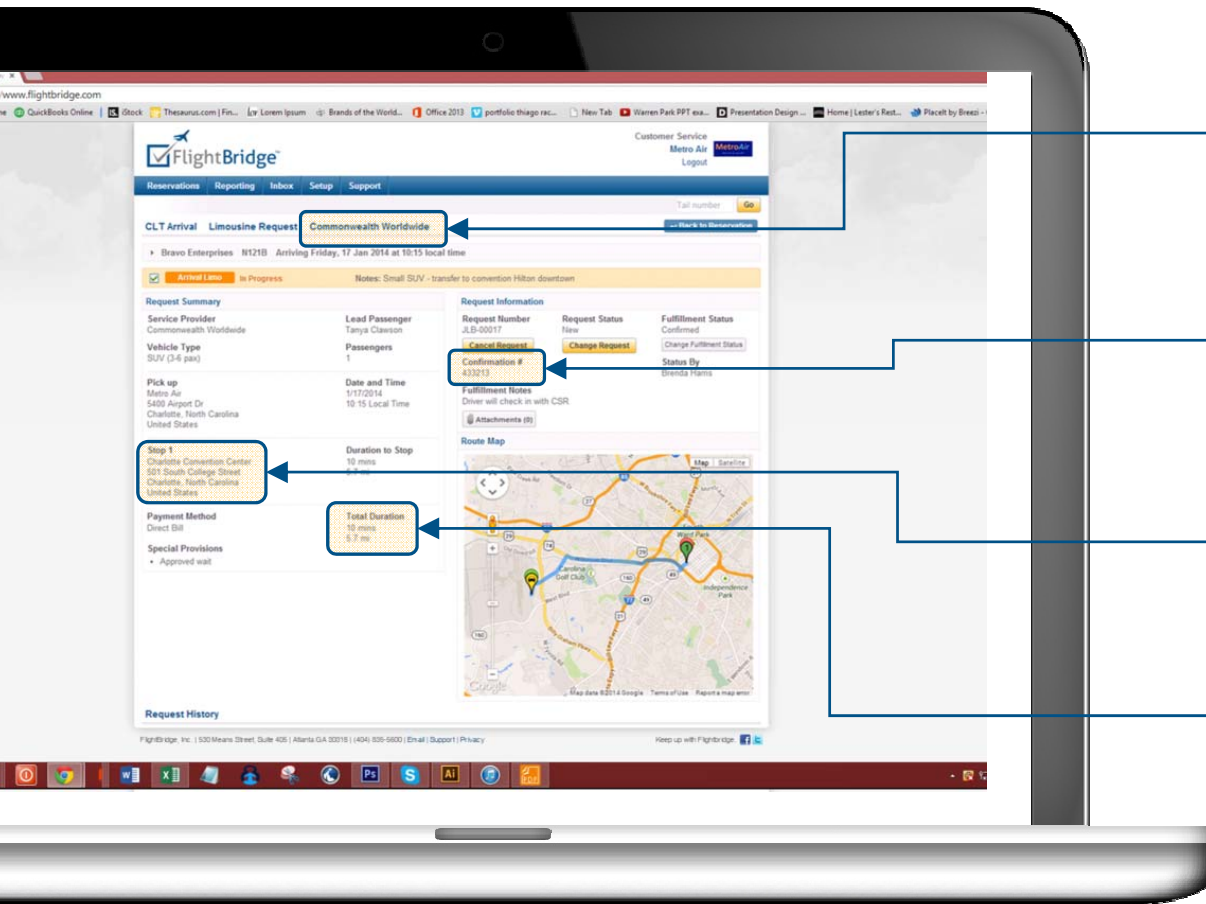

Easy Rental Car Bookings

Support for Hertz, Avis and National. FBOs Preferred vendor is shown first.

Hertz Gold #, Avis Preferred #, and National Emerald # is remembered by the system for the next time a booking is made for this customer

Easy Limo Requests

All local service providers can be setup in the system to receive booking requests electronically.

Confirmation number, notes and 'confirmed by' captured electronically.

Multiple stops and destination addresses easily verified with google maps type-ahead integration.

Drive time and route preview provided.

Easy Catering Requests
